

Start Co-development: Building Materials, Ceramics, Stone & Glass

Why Co-develop with IndiaUnbox?

India is a **global supplier of building materials, ceramics, natural stone, and glass**, catering to both residential and commercial projects worldwide.

Through IndiaUnbox, buyers can co-develop **tiles, slabs, sanitaryware, façades, glass solutions, and engineered materials**, working with **state-of-the-art factories and traditional artisan hubs**. We ensure **design customization, compliance, and scalability** for global construction and décor markets.

Our Co-development Process

-  **Concept & Design Brief**
 - Define product category: flooring, wall tiles, countertops, façades, sanitaryware, or glass.
 - Create mood boards, design inspirations, CAD drawings.
 - Application-specific mapping (residential, hospitality, office, retail).
 -  **Material Selection**
 - **Ceramics:** Vitrified tiles, porcelain, mosaic, sanitaryware.
 - **Stone:** Granite, marble, sandstone, slate, quartzite.
 - **Glass:** Float glass, tempered, laminated, stained, mirrors.
 - **Eco-materials:** Recycled tiles, engineered stone, lightweight composites.
 -  **Prototyping & Sampling**
 - Small-batch tile production, slab cutting, stone carving samples.
 - Surface finish samples: polished, matte, textured, honed, flamed.
 - Prototype façades, countertops, decorative panels.
 -  **Testing & Compliance**
 - Standards: ASTM, EN, BIS for strength, slip resistance, fire rating.
 - Water absorption, stain resistance, thermal shock tests.
 - Food-safe coatings for countertops.
 -  **Production & Scaling**
 - Pilot production runs → large-scale industrial production.
 - Automated kilns, polishing lines, CNC cutting & waterjet for custom sizes.
 - Export-grade crating, packing, and logistics.
-

What You Can Develop with Us

- **Tiles & Ceramics:** Vitrified, porcelain, mosaic, sanitaryware.
 - **Stone Products:** Slabs, tiles, monuments, countertops, sculptures.
 - **Glass Products:** Tempered, laminated, decorative glass, mirrors.
 - **Engineered Solutions:** Quartz, composite stone, lightweight panels.
 - **Decorative Materials:** Hand-painted tiles, stained glass, inlay work.
-

Why India for Building Materials?

- **Global Leadership:** India is a leading exporter of granite, marble, and ceramic tiles.
 - **Cluster Strengths:**
 - Morbi (GJ) → Ceramic & vitrified tiles.
 - Kishangarh (RJ) → Marble & granite hub.
 - Agra/Jaipur (RJ) → Stone inlay & decorative crafts.
 - Firozabad (UP) → Glassware & glass panels.
 - **Compliance Edge:** Factories certified with ISO, CE, ASTM standards.
 - **Sustainability Push:** Use of recycled stone dust, solar-powered kilns, eco-composites.
-

Ready to Co-develop?

 Share your **requirement brief** today and begin your journey from **design to export-ready building materials & décor solutions** with IndiaUnbox.
