

Start Co-development: Food, Agro & Marine

Why Co-develop with IndiaUnbox?

India is one of the **largest producers of food, agro-products, and marine goods**, offering a wide basket of **spices, grains, processed foods, frozen seafood, and organic produce**.

With IndiaUnbox, buyers can co-create **custom food formulations, private label products, and bulk supplies** by partnering with **FSSAI, ISO, HACCP, and FDA-certified facilities**. We ensure **farm-to-fork traceability, compliance, and scalability** for global markets.

Our Co-development Process

-  **Concept & Requirement Brief**
 - Define category: packaged foods, agro commodities, frozen marine, organic foods.
 - Tailor for retail, HoReCa, or industrial supply.
 - Create brand-specific formulations & packaging concepts.
 -  **Raw Material Sourcing**
 - Agro: cereals, pulses, spices, oils, fruits, vegetables.
 - Marine: frozen shrimp, fish, crab, lobster, value-added seafood.
 - Food ingredients: dairy, bakery, confectionery, ready-to-eat meals.
 - Organic, fair-trade & GI-tagged produce.
 -  **Prototyping & Sampling**
 - Lab-scale recipes & pilot production.
 - Custom seasoning blends, snack prototypes, frozen meal packs.
 - Sample packaging for brand approval.
 -  **Testing & Compliance**
 - Certifications: FSSAI, HACCP, ISO 22000, BRC, FDA, Halal, Kosher.
 - Quality checks: shelf life, microbiological, sensory evaluation.
 - Traceability from farm/fishery to packaged product.
 -  **Production & Scaling**
 - From pilot batches (100–500 kg) → industrial production (MT scale).
 - Modern plants with automated processing & cold chain facilities.
 - Global export packaging & logistics.
-
