

Start Co-development: Gems & Jewellery

Why Co-develop with IndiaUnbox?

India is one of the world's largest centers for **gems and jewellery manufacturing**, combining centuries-old artistry with **modern precision machining**. From hand-carved gemstones to high-fashion jewellery, IndiaUnbox helps global buyers **co-create collections** that align with brand identity, compliance standards, and consumer demand.

We connect you with **certified workshops, artisan clusters, and industrial units** that balance **heritage craftsmanship with international quality assurance**.

Our Co-development Process

-  **Concept & Design Brief**
 - Understand your brand vision (fine jewellery, fashion jewellery, or bespoke).
 - CAD design support (Rhino, MatrixGold, AutoCAD Jewellery).
 - Trend boards and style direction.
 -  **Material & Gem Selection**
 - Precious metals: gold, silver, platinum, palladium.
 - Gemstones: diamonds, rubies, emeralds, sapphires, semi-precious.
 - Alternatives: CZ, lab-grown diamonds, recycled metals.
 -  **Prototyping & Sampling**
 - Wax models & CAD 3D printing.
 - Hand-crafted prototypes by master artisans.
 - Pre-production samples (stone setting, polishing, plating).
 -  **Testing & Compliance**
 - BIS Hallmarking, GIA/IGI gemstone certification.
 - Nickel-free, lead-free, cadmium-free compliance.
 - International standards: REACH, CPSIA, EU regulations.
 -  **Production & Scaling**
 - Small batch runs for niche collections → large volume exports.
 - Casting, die-striking, electroforming, enameling, and plating.
 - Inline quality checks and export-grade finishing.
-

What You Can Develop with Us

- **Fine Jewellery:** Rings, earrings, pendants, necklaces, bangles, bracelets.
 - **Fashion Jewellery:** Imitation sets, costume jewellery, oxidized jewellery.
 - **Gemstones:** Loose diamonds, colored stones, beads, carvings.
 - **Value-Adds:** Custom packaging, branding, certificates of authenticity.
-

Why India for Gems & Jewellery?

- **Heritage Expertise:** Jaipur, Surat, Hyderabad, and Kolkata are global hubs.
 - **Skilled Artisans:** Generations of stone setters, engravers, and goldsmiths.
 - **Global Reach:** India exports to USA, Europe, Middle East, Japan.
 - **Customization Flexibility:** From handcrafted heirlooms to high-volume commercial lines.
 - **Sustainability Edge:** Growing use of recycled metals & lab-grown diamonds.
-

Ready to Co-develop?

 Share your **design brief** today and begin your journey from **sketch to showroom-ready jewellery** with IndiaUnbox.
