

## Start Co-development: Paper, Printing & Packaging

### Why Co-develop with IndiaUnbox?

India is a fast-growing hub for **paper, printing, and packaging solutions**, catering to industries from **FMCG and e-commerce to pharmaceuticals and luxury goods**.

Through IndiaUnbox, buyers can co-create **eco-friendly, customized, and innovative packaging solutions** by partnering with **state-of-the-art printing presses, paper mills, and packaging converters**. We ensure **design flexibility, cost efficiency, and compliance** with global standards.

---

### Our Co-development Process

-  **Concept & Design Brief**
  - Define application: retail, industrial, food-grade, luxury, or e-commerce.
  - Branding support: dielines, CAD packaging design, graphic mockups.
  - Sustainability-first design direction.
-  **Material Selection**
  - **Paper:** Kraft, duplex, recycled paper, coated/uncoated boards.
  - **Packaging:** Corrugated boxes, cartons, flexible packaging, rigid boxes.
  - **Printing Substrates:** Paperboard, laminates, films, foils.
  - **Eco-materials:** Biodegradable films, compostable plastics, recycled fiberboard.
-  **Prototyping & Sampling**
  - Digital mockups & sample print runs.
  - Die-cut samples, embossing/debossing trials, foil stamping tests.
  - Structural & performance samples (drop tests, crush tests).
-  **Testing & Compliance**
  - Food safety certifications (FDA, FSSAI).
  - International standards: ISO, FSC, BRC Packaging, CE.
  - Testing: burst strength, edge crush, ink adhesion, migration tests.
-  **Production & Scaling**
  - Short runs for brand launches → mass packaging supply.
  - High-speed offset & digital printing presses.
  - Automated corrugation, die-cutting, and finishing lines.
  - Global supply chain & export packaging solutions.

---

### What You Can Develop with Us

- **Paper Products:** Kraft paper, copier paper, specialty boards.
- **Printing Solutions:** Brochures, catalogues, labels, posters, magazines.
- **Packaging Products:** Corrugated boxes, folding cartons, rigid boxes, mailers.
- **Luxury Packaging:** Foil stamped boxes, magnetic closures, premium rigid cartons.
- **Eco-Friendly Options:** Recycled paper, biodegradable films, compostable packs.

---

### Why India for Paper, Printing & Packaging?

- **Global Manufacturing Base:** India exports to 100+ countries.
- **Cluster Strengths:**
  - Sivakasi (TN): Printing & fireworks packaging.
  - Ahmedabad (GJ): Corrugated & kraft paper.
  - Noida, Faridabad (NCR): Offset printing & cartons.
  - Morbi (GJ): Duplex boards, kraft paper.
  - Maharashtra & Punjab: Paper mills & flexible packaging.
- **Compliance Edge:** FSC-certified, ISO, CE, BRC packaging standards.
- **Sustainability Push:** Growing adoption of recycled paper & eco-packaging.
